# VALUE, FICTITIOUS CAPITAL AND FINANCE.THE TIMELINESS OF KARL MARX'S CAPITAL

ECONOFICTION CAPITAL, COMMODITY, FICTITIOUS CAPITAL, FINANCE, POWER, SPECULATIVE CAPITAL

Capitalism was always, and will never cease to be exploitative, domineering, speculative. But it will not disintegrate or decay due to its exploitative, domineering, speculative character, certainly not due to the supposedly specifically "predatory" function of the financial sphere – as opposed to the "productive role of industry". It will continue to exist until the labouring classes overthrow it. But for this we need a revolutionary political strategy.
